

HOW TO PLAY

TCSJOHNHUXLEY

A simple, fun and exciting spin on Baccarat and Mini Baccarat!

Power 8's is a side bet offered for Baccarat, which is played in addition to an initial wager on either Player or Banker, by placing a bet on the flashing bet sensor.

How To Play

In Power 8's, players bet on the combination (suit) and frequency of 8's dealt, either as part of the initial four card deal or from the total of drawn cards representing a result in the main game. When won, the three top progressive jackpots are shared equally between all those who placed a bet on the flashing bet sensors.
